COMELIT HAS BEEN SHAPING THE FUTURE OF SECURITY SINCE 1956, TURNING VISION INTO REALITY.

A Legacy of Leadership and Innovation

For nearly **70 years**, Comelit has been internationally recognised as a pioneer in door entry systems, renowned for the quality, innovation, reliability, and ease of installation of our solutions.

Over the years, we've expanded our expertise across the full spectrum of security technologies, including access control, fire safety, video surveillance, home automation, and intruder alarms.

Our growth has been driven by strategic acquisitions and a strong investment in research and development. With dedicated R&D centres in Rovetta, Bergamo, Tunis, and Paris, we've established specialised hubs of excellence. These include PAC in the UK, Teletek Electronics in Bulgaria, Blueprint in Italy, and most recently, Ingenium in Spain.

Today, our global presence extends far beyond our Rovetta headquarters, with 10 international subsidiaries, 8 R&D centres, over 1,000 employees, and operations in more than 90 countries.

This solid foundation empowers us to deliver greater value to our partners and end-users, fulfilling our mission to contribute every day to a safer, more secure world.

> The history of Comelit is shaped by the trust and confidence of those who have chosen us for their projects and achievements.

BRANCHES

COUNTRIES

PAC ACCESS CONTROL: **KEEPING YOU SECURE.**

PAC delivers trusted access control designed for any environment. With decades of expertise, our systems are simple to install, easy to maintain, and integrate seamlessly with CCTV, intruder alarms, time and attendance, and staff protection systems.

SOLUTIONS FOR VARIOUS MARKETS

PAC Total Access Control.

Intelligent Access Control

Fully featured, always on and flexible security. Enhanced access control that adds proactive monitoring of who goes where and

Designed to support cost-effective expansion.

Built to interoperate either at a hardware level with other building and safety control systems; or at a software level through our powerful API interface.

End-to-end Security Secure by design.

Supports a wide range of ID credentials and reader formats, including PAC OPS™, anti-cloning technology.

Integrated Security Solution

One solution.

The PAC software extends into an integrated security solution that can incorporate alarm monitoring, CCTV Surveillance, Lift Control, Fire safety and video door entry. Providing a multi-layer security solution that is easy to manage via a centralised hub, providing easy monitoring to secure your business.

syste

Door Entry: The First Step Towards Safety

In the 1990s, Comelit-PAC revolutionised video door entry with our 2-wire Simplebus system, setting new industry standards and simplifying installation for professionals. As pioneers, we introduced IP video door entry more than a decade ago. Today, our advanced technology and tailor-made solutions make us a global leader. With a wide selection of indoor and outdoor stations, our systems adapt to every environment, offering enhanced security and comfort for your customers.

Access Control: Secure, Scalable, Seamless

Comelit-PAC offers flexible and reliable access control systems for every application, from smart homes to large-scale commercial premises. Our comprehensive range is known for ease of management, scalability, and seamless integration with video door entry and other security systems. We empower you to deliver centralised, secure, and tailored access solutions.

Fire Safety Systems:

Essential Protection for Every Environment

Our comprehensive range of addressable and conventional fire detection systems helps safeguard people and property across all building types. Comelit-PAC systems integrate easily with other security platforms for centralised control and continuous monitoring. Our solutions also include sound evacuation, gas detection, aspirating systems, and extinguishing technologies, all compliant with the latest EN standards.

CCTV

Scalable, Intelligent, and Secure

Comelit-PAC's CCTV solutions combine advanced technology with user-friendly installation, backed by over 40 years of experience. We deliver high-resolution cameras and intelligent video analytics, while prioritising cybersecurity and seamless integration with other control and security systems. With Comelit-PAC, your customers benefit from a reliable, scalable, and connected surveillance system.

Home Automation: Smarter Living, Greater Comfort

Comelit-PAC makes intelligent living easy. Our home automation solutions, wired or wireless, allow centralised management of multiple systems, improving safety and comfort. Designed to be intuitive and high-performing, our systems are ideal for homes and offices. A single app provides full control of video door entry, home automation, intrusion alarms, and CCTV.

Intruder Alarm: Total Security Without Limits

Design a fully customised security solution with Comelit-PAC's wide range of wired and wireless intruder systems. Our portfolio includes indoor and outdoor sensors, intrusion barriers, and user-friendly configuration via our mobile app. Seamless integration with other systems enables centralised monitoring and management—delivering maximum protection and peace of mind for your customers.

Our certifications.

BUILT TO

SUPPORT

EVERY PART OF YOUR SECURITY INSTALLATION

For over 30 years, Comelit has managed and maintained a Quality Management System in accordance with ISO 9001:2015. For nearly 20 years, we have also upheld an Environmental Management System certified to ISO 14001:2015.

These two internationally recognised standards are no longer just a mark of distinction for an ambitious company,they are essential requirements for operating on a global scale. CO

FIND THE IDEAL KIT FOR YOUR PROJECT

EXPLORE WHAT'S INCLUDED AND HOW IT FITS YOUR INSTALLATION

Choosing the Right Comelit Door Entry Kit

When selecting a Comelit door entry kit, several factors should be considered to ensure the solution is perfectly suited to your installation. Below is a breakdown of the key elements to guide your selection:

1. Entrance Panel Options

Comelit provides a wide range of entrance panels to suit different requirements, from audioonly to audio-video systems. Each panel is designed to deliver clear communication and seamless integration with the overall system.

2. Technology Compatibility

Choose the technology platform that best fits your project:

4n: A traditional, reliable solution.
Simplebus 1 & Simplebus 2: Flexible and easy-to-install options.
VIP: Advanced IP-based systems for scalable and modern installations.

3. User Capacity

Our kits are scalable, supporting from 1 to 14 users. Whether it's a single home or a multi-user building, there's a kit designed to match. Each installation can be paired with a wide selection of monitors to suit user needs in both functionality and style.

4. Monitor Options

Comelit offers a broad range of indoor monitors, each with distinct designs and features to suit any environment:

Essential Models: Focused on core functionality and ease of use. Elegant Designs: Sleek styles to complement modern interiors. Traditional Styles: Classic aesthetics for more conventional settings. Contemporary Options: Clean, modern lines for a cutting-edge finish.

This variety ensures that your monitor choice meets both technical requirements and design preferences.

Example: UVIPD1-TP

Your kit selection is based on: Choice of entrance panel, Technology platform, Number of users, Monitor style. On the following pages, you'll find detailed combinations of these components, helping you configure a system that's tailored to your specific needs.

1-2 users CIAO and MINI handset kit - KCA5061B

Single- and two-family audio kit for traditional 5-wire systems. Can be configured for single-family or two-family installations The kit can be expanded in its single-family version with 1 outdoor entrance panel. Option of adding a door-entry phone in parallel for each user. Suitable for installation in homes, commercial properties or offices. The kit is supplied ready to use. It consists of 1 Ciao series outdoor entrance panel art. CA5100B equipped with call button art. CA9214, 1 Mini series door-entry phone with handset art. 2702W and all accessories required to create the system.

1 user CIAO and MINI handset kit - KCA0061

Single-family audio kit for 2-wire analogue system. The kit can be expanded with a second door-entry phone in parallel. Suitable for installation in homes, commercial properties or offices. The kit consists of 1 Ciao series outdoor entrance panel art. CA0061 equipped with a call button, 1 Mini series doorentry phone with handset art. 2812W and all

accessories required to create the system.

1-2 users CIAO kit and MINI handset kit - KCA2061A

Single-family audio kit for Simplebus 2 system. The kit can be expanded with outdoor entrance panels and doorentry phones. Suitable for installation in homes, commercial properties or offices. The kit is supplied pre-programmed and ready to use. The kit consists of 1 Ciao series outdoor entrance panel art.
